BEAUTY BUSH (*Kolkwitzia amabilis*)

AN exceedingly handsome ornamental shrub which has come to us from the wildernesses of China and Central Asia. The foliage and habit are attractive when the bush is out of flower and it is perfectly hardy as far north as Montreal.

It grows 6 to 9 feet high when mature and as much through, erect and twiggy, producing long, arching branches covered in spring with clusters of small, tubular flowers of the honeysuckle type, borne in such profusion that the bush is one cloud of delicate pink.

BEAUTY BUSH has all the merits of a perfect shrub: hardiness, year-round beauty in foliage and habit, and an amazing profusion of flowers of beautiful color.

b Marechal Niel. Bright golden yellow; very large.			3 50	32 00
b Mary Lovett. Pure waxy white; resembles Dr. W. Van Fleet, except in color.			3 00	25 00

NOTE. While our main nurseries are at Newark, N. Y., and most of our stock is shipped from there, we do maintain a branch at Shiloh, N. J., and a number of items are dispatched from that point.

Since this may mean a considerable saving in freight charges to some of our customers, we direct their attention to the list of material offered for shipment from Shiloh, beginning on page 24.

A general view of our Newark Rose block with Baby Rambler in the center and hybrid varieties on either side. Photo. July 27, 1928

Abbreviations: S., Single; D., Double

Abel Carriere. D. Large; blue, reverse of petals rose. Fine.

Aline Mocqueris. D. Dark purplish red. Dwarf, compact bush.
 Charles X. S. Purplish red. Strong rapid grower.
 Congo. S. Wine-red.
 Condorset. D. Pale blue.
 Decaisne. S. Pale azure-blue.
 Dr. Charles Jacob. S. Red.
 Dr. Masters. D. Clear lilac.
 Edouard Andre. D. Clear rose.
 General Pershing. Semi-double. Buds deep lilac.
 Jacques Calot. S. Very large panicle of delicate rosy pink flowers. The individual flowers are unusually large.
 Josikæa. S. Dark shining leaves and purple flowers in June.
 Lucie Baltet. S. Rose-salmon.
 L'Oncle Tom. S. Large spikes of very dark purple flowers.
 Marie Legraye. S. Pure white; fragrant. Fine for forcing.
 Michael Buchner. D. Dwarf. Very double pale lilac blooms.
 Miss Stepman. S. White.
 Othello. S. Flowers purplish red; panicles large. Fine.
 Philemon. S. The darkest shade in Lilacs. One of the best.
 President Grevy. D. A beautiful shade of blue. Individual flowers large.
 President Viger. D. Bluish lilac. Extra fine.
 Princess Alexandra. S. White; large panicles. Fine.
 Reine Elizabeth. S. White. Fine.
 Rene Jarry-Desloges. D. Panicles very large. Perfectly formed flowers of a rarely beautiful shade of blue. One of the best.
 Stadtgartner Rothpletz. S. Dark purple.
 Souvenir de Ludwig Spaeth. S. Panicles long; individual flowers large, dark purplish red.
 Vestal. S. Enormous trusses of large, perfectly shaped, pure white flowers, with reflexed lobes. The finest flowered sort.
 William C. Barry. S. Buds reddish lilac, opening silvery lavender or pearly lavender. Flowers somewhat cup-shaped.
 William Robinson. S. Violet-mauve, clearer underneath; irregular flowers in long spikes.

 Right. Here are our first grafts of Koster's Blue Spruce. Not many offered for sale this year but photo. appears to show what we are doing. Photo. July 27, 1928.

Terms and Conditions of Sale

This list cancels all previous quotations. All agreements and contracts are made subject to crop losses through unavoidable causes.

THE PRICES in this list are based upon present market conditions and are subject to change without notice. We invite correspondence with prospective buyers, and shall be pleased to quote special prices on want-lists for larger quantities than are named herein. On the other hand, these are **wholesale prices** and apply only to **wholesale quantities**; in no case will we fill retail orders, even from nurserymen. All orders should be made up for 10's or multiples of 10.

TERMS. The usual terms are offered to those of established credit or whose responsibility is known to us. Cash, security, or satisfactory references are required from unknown parties. All bills are due in sixty days unless other arrangements are made at the time of sale. **All prices are net and not subject to any discount** unless specially agreed upon.

SHIPPING. Customers are requested to give definite instructions for shipping. In the absence of special instructions we will use our own judgment, but with the distinct understanding that it is without responsibility on our part. All shipments travel at the risk and cost of the purchaser. We have the New York Central, the West Shore, the Pennsylvania Railroads, also the Rochester and Syracuse interurban trolley line, enabling us to ship in any direction over trunk lines. Express is handled over three of these routes.

BOXES will be charged for at the rates noted below. These prices are somewhat reduced because we are now able to buy lumber somewhat more reasonably. However, these rates do not really cover present actual cost to us.

10 ft. 30 in. x 30 in.	\$4 50	10 ft. 24 in. x 24 in.	\$3 50	10 ft. 18 in. x 18 in.	\$3 00
10 ft. 28 in. x 28 in.	4 20	10 ft. 22 in. x 22 in.	3 25	10 ft. 14 in. x 16 in.	2 50
10 ft. 26 in. x 26 in.	4 00	10 ft. 20 in. x 20 in.	3 15	10 ft. 12 in. x 14 in.	2 30

Add 50 cents on all sizes of 12-foot boxes; decrease in same proportion for shorter boxes.

BALES will be charged at actual cost of the material. We make no charge for packing or for delivery to the railroad station.

CLAIMS for any cause must be made promptly on receipt of goods. Any stock that is not exactly as represented must be reported promptly and on authority should be returned to us immediately. We will cheerfully and without question credit back the unsatisfactory plants, or send others; **but we will not entertain claims made after goods have been once accepted**, or when report is not made within ten days after arrival of the stock.

LIMITED LIABILITY AND NON-WARRANTY. In the event the nursery stock, or any part of it, sold by Jackson & Perkins Company, Newark, New York, should prove to be untrue to the name under which it is sold, or prove not to be of the kind or quality of nursery stock it was sold for, or ordered for, a replacement of the stock as originally ordered, or intended to be sold, without charge therefor, or a refund of the purchase price shall be a complete and entire satisfaction for any and all liability therefor of the seller, and such replacement or a refund of the purchase price it is agreed shall be the liquidated damages and all the damages to which the purchaser shall be entitled by reason of the premises. Except for such limited liability as herein set out, the seller, Jackson & Perkins Company, gives no undertaking or warranty, expressed or implied, as to the description, quality, growth, productiveness, or any other attribute of the nursery stock sold by Jackson & Perkins Company.

INSPECTION AND FUMIGATION. Certificate of Inspection will be furnished with every shipment and, when required, stock will be fumigated.

SPECIAL NOTICE. Correspondents are requested to use their printed business letterheads. We do not quote prices to retail buyers nor sell to planters; we have **no retail trade** of our own, and sell to the **trade only**; in justice to our **only** customers, the nurserymen, florists, and dealers, we use every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them. **Use printed stationery, or enclose business card.**

LOCATION. We are located 30 miles east of Rochester, N. Y., and cordially invite a visit and inspection of our establishment.

Newark, New York, September 1, 1928

JACKSON & PERKINS COMPANY

J. HORACE MCFARLAND COMPANY, HORTICULTURAL PRINTERS, HARRISBURG, PA.

Four Gold Medals

Awarded American Rose Society Gold Medal at Louisville, 1928; the President Coolidge Horticultural Gold Medal at New York, 1928; Gold Medals at Philadelphia and New York Shows, 1928.

TALISMAN (*Montgomery, 1929*)

THE most vividly colored Rose ever introduced and exceptionally easy to grow. Its foliage is very fine and vigorous, untroubled by disease, and the plant grows rapidly and blooms with exceptional freedom. The flowers have much substance and never lose their striking color entirely, although they are lighter than the picture in unfavorable weather.

Words fail in describing the spectacular coloring of this Rose, and we let the picture speak for itself. In intensity and vividness of color, no Rose approaches it.

No. 1 plants, \$15 for 10; \$125 per 100; \$1000 per 1000. Available April 1, 1929.

Copies of the color picture above are available to our customers for sales promotion. Prices on application

Korean Bridal Wreath

KOREAN SPIREA (*Spiraea trichocarpa*)

THIS handsome new shrub was discovered in Korea, and has been enthusiastically admired by all who have seen it since its introduction to America. It is the best of all the Spireas in commerce.

It is a splendid, healthy plant, growing, when mature, 4 to 6 feet tall, and even greater in diameter, forming a big, dome-shaped bush covered in its season with large, rounded clusters of snowy flowers marked with darker eyes.

It is hardy as far north as Montreal and is most attractive in habit and foliage, even when not in bloom. More robust and it blooms two weeks later than the familiar *Spiraea Vanhouttei* and is much more desirable. It retains its beautiful glossy green foliage late into the autumn.
